

We are committed to providing an inclusive experience for all our visitors. That's why we're proud to support the Access Card Scheme, a nationally recognised system that simplifies access for visitors with additional needs.

We offer Essential Companion tickets free of charge for visitors who hold an Access Card featuring the +1 or +2 symbol.

Just book your tickets online as normal, adding Essential Companion tickets, and bring along your Access Card.

If you don't have an Access Card, our partners at Nimbus can undertake a **FREE** application for you to obtain a **Cotswold Farm Park Digital Access Pass (DAP)** so you can request an Essential Companion ticket for your visit.

Please note, an Essential Companion ticket can only be provided to those that have been allocated a +1.

You can apply for the free Cotswold Farm Park Digital Access Pass (DAP) below. Once you have applied and it has been approved, the ID number issued will be valid for 3 years and can be used for future Cotswold Farm Park visits.

There is also the option to **upgrade** to an Access Card for £15.00 should you wish to apply for broader recognition.

The Access Card is a universal way of conveying your access requirements that clearly communicates your requirements to thousands of organisations, venues, events, and ticketing systems across the UK and beyond.

For more information about the Access Card, please visit [their website](#)

[Apply HERE for an Access Card or free Digital Access Pass \(DAP\) for Cotswold Farm Park.](#)

If you already have an Access Card or Cotswold Farm Park Digital Access Pass (DAP), you are good to go, and you don't need to reapply. Just book your tickets and show your Access Card or DAP to the team when you arrive.

Should you forget your Access Card on the day or have not yet received a card you've applied for, you may be asked to pay full price for an essential companion, which will be refunded at our discretion when you can provide your card or DAP within 2 weeks of your visit.
